June 9, 2022

Greetings Mr. Michael P. Santomassimo CFO of Wells Fargo and Company

I'm pretty sure by now my name or my trust company precedes itself; so allow me to address my endeavors in the course of this letter. Truly my intent didn't intend this direction of course based on our current terms, my intention was on a greater level of business that brought about this contention in the process of me simply trying to execute a foundation for my trust company. Mr. Santomassimo I'm not writing to you to debate financial regulation nor Federal ones; I'm simply expressing myself as a business man to a CFO business professional. My current interest is private Banking or a financial crediting business through my UCC trust; I'm a creditor through the US treasury that I may ledger securities instruments, Bonds or Letters of credits that are obligated as public tender pursuant HJR-192, 12 USC -391 TITLE 12—BANKS AND BANKING 391 and 12 USC 411. This account is under the administration of Felix Zech of the Analysis and Control Division of the IRS, every security that I ledger I send a copy there so that they are informed a US obligation transaction has been ledgered through my

private offset account, which is scrutinized by the Secret Service, the FBI and Department of Justice, in regards to these instruments I'm placed in a position to report what federal regulation I may have imposed or violated to prevent this transaction by the processing financial institution requirements. And when there's no communication it draws negative attention under ambiguous assumptions of fraud, theft, or discrimination violations of laws. Another reason for this letter is that I simply would like peace in regards to business; with an understanding opposed to filing complaints because of protocols and procedures mingled with regulations and time restraints. I sent these securities RE 211 781 776 US and RE 211 781 780 US to you in good faith of business and professionalism despite our differences without an ICC URDG 758 or URR 522 URDG 785: ICC I'm reaching out to contract terms of relief on both behalf of your company and mine. As gentlemen, I'm hoping that a resolution can clear the air between us. ***I really do not desire to go to court if we can come to terms***, because none of this is personal toward you nor your staff members. Its protocols and procedures mingled with regulations and titles; meaning we do as we are trained to do through our chosen profession governed by protocol procedures regulated by a superior law under whatsoever jurisdiction. In relation to the above, if there are any processing protocols or federal regulation that may prevent the bond order to be processed I'm asking for the opportunity to cure! Mr. Santomassimo I hope that you truly understand my point of view; I have unlimited credit in a multi billion dollar account with the United States Treasury that I chose Wells Fargo to be the financial depository institution for these funds to be placed in an account under my trust to invest in your REEF program as well as the other investment opportunities your company provides. I'm not asking for something that your financial institution does not provide under FDIC or SPIC and at the same time your financial institution will be the true benefactor of this transaction. And at the same time as I'm trying to present this business opportunity to your financial institution, my civil rights were infringed upon by your staff, so here we are. I'm open for suggestions of relief on both our behalf.

Thank You for your time in these matters, I truly hope a diplomatic solution can resolve this major misunderstanding.
